Most Wazted

Headers should be set in the graffiti font: Most Wazted.

Clarendon Roman

All body text and sub headers should be set in the font: Clarendon Roman.

Background Image

The background to all design work should be the brick wall image, the logo should then be set to 'Multiply' in the transparency effects settings within Adobe CS6.

Colours

A strong spray paint colour palette should be used for headers or block colour areas where necessary. If used for headers the font should have a thick black outline to it.
