

Prescott Drupal User Group

Join us for the second monthly meeting of the Prescott Drupal User Group on Thursday, January 20th, 2011 from 6 to 9pm. The meeting will be held at 119 Grove Ave. in Prescott, AZ. It's free and open to the public. All levels of experience are welcome.

For the next meeting we'll be focusing on a handful of the most widely used modules along with basic configurations for each. If there's time, we may also cover some theming basics.

From the Drupal.org website:

“Use Drupal to build everything from personal blogs to enterprise applications. Thousands of add-on modules and designs let you build any site you can imagine. Drupal is free, flexible, robust and constantly being improved by hundreds of thousands of passionate people from all over the world.”

Free wireless access is available at the meeting, and participants are encouraged to bring a laptop, web-enabled device, or notebook.

Many thanks to Prescott Creeks for hosting the meeting!
